IMPERIO
THE MARK OF SUCCESS

ALL YOU WANT TO KNOW ABOUT YOUR VEHICLE, ALL THE TIME.

Imperio now comes with DigiSense, a technology that lets you know exactly what's happening to your vehicle at all times. Developed by Mahindra, this unique technology connects you to your vehicle so you can control its use, prevent its misuse and also optimise its efficiency and productivity by tracking your vehicle 24/7.

If you are in logistics, security solutions or any such business, read on to know just how Imperio with DigiSense can transform your vehicle ownership and bring in big benefits.

VEHICLE TRACKING

- Locating the vehicle in real time
- History of the vehicle travel
- Facilitate better planning and control of business deliveries

GEO FENCING

- Create a fence within which your vehicle operates, for safety and savings.
- Monitoring the routes followed by the drivers
- Alerts in case of violations

ROUTE PLANNING

- Scientific method of route planning for the shortest and fastest route
- Reduce your idling time in traffic zones with better route
- Savings in time, fuel cost and improve productivity.

REMOTE ENGINE DIAGNOSTICS

- Diagnose potential problems with engine remotely
- Reducing turnaround time during breakdown

VEHICLE BREAK DOWN ASSISTANCE

- The emergency alert button immediately alerts the nearest service centre and can notify the owner
- Your pain to search for assistance is over with the press of a button

VEHICLE USAGE & DELIVERY REPORTS

- Snapshot summary of the vehicle usage basis distance, location, alerts, deliveries completed, breakdown etc.
- Analyse potential improvements in business by changes in vehicle usage pattern

SMS & WEBPAGE ALERTS

- Web/App notification and SMS alerts
- Greater driver control through the alerts of geo fencing, over-speeding, excessive idling etc.
- Vehicle health alerts
